This Notice only relates to the Product as specifically described herein and any variations from these component versions, no matter how slight, are not covered by this Notice.

1. Materials

Device Manufacturer acknowledges that AT&T relied on the following materials provided by Device Manufacturer in AT&T’s testing and its decision to issue this Notice (the “Materials”):

AT&T Confidential and Proprietary Material. Use only pursuant to Company instructions.

- Attachment B: PTCRB Approval:

- Attachment C: FCC Approval:

Device Manufacturer hereby represents to AT&T that the Materials are true, authentic and accurate documents relating the Product and that they are what they purport to be.

2. Testing

AT&T performed applicable testing on the Product (the "Testing"). This includes testing for:

- Negative impacts on AT&T's wireless network.
- Baseline regulatory confirmation.
- RF testing against components in the wireless AT&T network.
- Network selection testing.

3. Testing Results

The device under test was not observed to cause any adverse problems to the AT&T network when activated and used in the lab. The device under test is certified for both CS and PS services (as applicable). Any change to the mode of operation invalidates the AT&T Certification.

4. Limitations

Because of the limited scope of the Testing, AT&T does not make any representations regarding any feature, function or other characteristic of the Product not described herein, including, but not limited to, the following:

- 4.1 Data throughput performance.
- 4.2 Voice quality performance.
- 4.3 Manufacturing/assembly issues.
