

## BULLETIN

### Verizon approves the Accelerated 6300-CX LTE Router for use on Verizon's Private Network

#### Verizon's Wireless Private Network:

- ✓ Enables Verizon wireless devices to send and receive data to and from a customer's IP network, without traversing the public Internet.
- ✓ Delivers mission-critical information easily to mobile workforces, while reducing concerns over security and reliability related to the public Internet.
- ✓ Segregates data communications from the public Internet blocking unsolicited traffic and reduces security risks associated with malware, viruses, spyware and worms.
- ✓ Offers organizations a reliable and secure wireless extension to their IP networks.

### PROMOTION THRU DECEMBER 31, 2016, 3 YEARS OF ACCELERATED VIEW AT 1-YEAR PRICE<sup>2</sup>

#### How to Purchase

**For more information contact:**

Mark Savage, mark.savage@accelerated.com, 954-592-3222  
Jason Dorough, jason.dorough@accelerated.com, 813-699-3104

<sup>1</sup>Tested at 300 feet on CAT6 and 250 feet on CAT5e. The condition of your cabling and the number of splices will impact actual distance

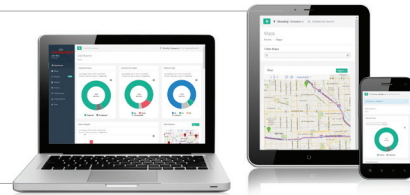

<sup>2</sup>For each Accelerated 6300-CX LTE router purchased, buyer may purchase 3 years of Accelerated View monitoring service at a discounted price of \$40 USD (normally \$99 USD). This offer only applies to business customers in the United States for Accelerated 6300-CX LTE routers purchased between May 4, 2016 and September 30, 2016, and where full payment is made within 30 days of purchase. Returns of any portion of the purchase will require equal forfeiture of offer. Accelerated Concepts, Inc. has the right to end or modify any promotion at any time.

6300-CX LTE Router

#### 6300-CX:

- ✓ Embedded LTE with all accessories included
- ✓ Included battery to perform fast and effective site surveys
- ✓ No need to purchase antennas or boosters to improve connection (delete if you run out of space)
- ✓ By design the 6300-CX can be mounted up to 300 feet<sup>1</sup> from the customer's equipment room. Allowing the 6300-CX to capture an optimal LTE cellular signal.
- ✓ Better Connections = More Activations!
- ✓ The 6300-CX ensures the best possible LTE connection at every customer site for improved reliability and throughput.
- ✓ Five Rapid Install mounting options for quick installations
- ✓ PoE Injector included to remotely power 6300-CX
- ✓ Accelerated View™ – sophisticated cloud management portal
